

MEAT PRODUCTION

This investment project provides for the construction of a meat processing complex equipped with all the necessary production line for the production of finished products that meet all international standards, including Halal and HACCP.

PROJECT COST:
14.1 million USD

PROJECT CAPACITY :
9,000 MPG units and 150 head of cattle per day

NPV: 20.4 thousand USD
IRR: 34,6%
Payback period: 3 years

PROJECT PLACEMENT

Chekoman villages

- Railway
- Convenient transportation logistics

TRADE TURNOVER

Between 2009 and 2030, population growth in Asia will increase by 660%.. By 2030, meat consumption in Asia will reach 400 million tons. Export of mutton from Kazakhstan may reach 1.5 million tons. Kazakhstan has the greatest prospects for supplies to China (less than 300 km).

RAW MATERIAL BASE

- Horses
- Cattle
- Small cattle

SALES MARKET

Free trade within the EAEU

Central Asian countries

China

GOVERNMENT SUPPORT MEASURES

FOR THE PROJECT:

- Provision of a land plot - FREE;
- Attracting foreign labor – outside quotas, without permits.

OTHER ACTIVE SPECIES:

- State in-kind grant.
- Concessional financing.
- Reimbursement of part of the export costs.
- Export risk insurance.
- Reimbursement of costs for the construction of production (industrial) infrastructure.
- Subsidizing the reimbursement of the costs incurred by the subjects of the agro-industrial complex for investment investments.
- Subsidizing interest rates on loans and leasing of technological equipment, for the purchase of farm animals, as well as leasing of agricultural machinery.

PRODUCTION OF PRE-INSULATED PIPES

The main objective of the project is to establish a modern large-scale production of pre-insulated pipes in the region. The construction materials industry holds a key position in the production of building materials, both for heating systems and as materials for hot and cold water supply systems, industrial processes, etc.

PROJECT COST:
1,1 million USD

PROJECT CAPACITY:
45600 meters per year

NPV: 22.5 million USD
IRR: 1515%
Payback period: 1 year and 1 month

PROJECT PLACEMENT

Semey city

- Railway
- Convenient transportation logistics

TRADE TURNOVER

Among the countries, the largest volumes are accounted for by China (35%), India (25%), and the USA (14%), which together make up to 75% of the world's total pipe production. Pipe production in the CIS is present in Russia, Ukraine, Belarus, Kyrgyzstan, Azerbaijan, and Turkmenistan. After a decline in 2020–2022, there has been a recovery in the pipe production industry, showing a stable trend in recent years

THE SALES MARKET

Free trade within the EAEU

Central Asian countries

RAW MATERIAL BASE

Modern pre-insulation technologies.

Metal suppliers from the CIS and foreign countries

Kazakh metallurgy
